

EASY WINDOW GARDEN

Early Preschool

LEARNING VALUE:

This activity demonstrates an understanding of cause and effect. It also encourages children to see how things grow.

MATERIALS NEEDED:

- ★ Water
- ★ Spray bottle
- ★ Vegetable Seeds
- ★ Zip lock bag
- ★ Tape

INTENDED FOR:

Adult and Child interaction

DIRECTIONS:

1. Wet the paper towel with water. Squeeze off any excess water
2. Place seeds onto the wet paper towel and fold in half
3. Place it into the zip lock bag
4. Tape the zip lock bag onto a sunny window
5. Keep a close eye on the bag. Take it down every now and then and spray the paper towel with water to keep it damp.
6. The seeds should start to sprout and you can watch as the seeds grow.
7. Always ask questions. Which variety is sprouting quicker? What do their roots look like?
